Thanks, Rob.

I'm free tomorrow before 9:00 am, between 11:30 and 1:00, and after about 2:00. Would you like to call me on my cell phone -- Personal Matters / Ex. 6 -- when you have a few minutes. I think it would be great if we could touch base before you leave.

Just an FYI, Julie DalSoglio sent me an invitation to talk tomorrow about CFAC and Smurfit Stone. I'm guessing she wants to discuss the visioning process. My sense is that with the pending proposal, now is not the time to start that work, or even discuss it in any specifics with the community, but I'll let you know how the conversation goes.

Cynthia

Thanks Cynthia, I appreciate it.

I have started to look at the comm strat (specifically filling in the schedule) and plan to send that to you tomorrow.

I'd like to chat with you too at some point about timing for the public meeting and meeting with County health officials. I'll be out Thursday and Friday this week and Monday and Tuesday of next week. Let me know if you have any time to talk tomorrow or next Wednesday or later next week.

Thanks Cynthia!

Rob

Yes, Rob. I can take a stab at that. Do you know when we will have a draft of the RA's letter? Also, have you had a chance to look at the draft ComStrat I prepared for listing? My thought is to use that as the foundation and add any needed key messages to it. There are some missing pieces that would be good to have filled, as well.

Thanks,
Cynthia

Deliberative Process

Hey Cynthia,

We've taken the path today with media requests to not pre-empt the RA's letter to Gov Bullock suggesting that the CFAC site will be proposed this month, so we haven't said too much. When the letter gets out the door, we'll have to decide what our messages will be. Would you mind working on the key messages you think we should be discussing (including highlights from the RA's letter)? I imagine the messages will discuss the preliminary superfund process. I'm not certain when the RA's letter will be sent, but it could be sooner rather than later.

Thanks Cynthia. Hope you're doing well.

Rob
